What is the Elite Team Penning Class?

The *Elite Penning* class is an all-new USTPA Team Penning class for 2018 that features **\$50,000 Guaranteed Minimum Cash Added** to the class payout at the World Championship Finals, with the potential of \$100,000 Added Money in just the Elite Penning class depending on the total number of teams entered at the Finals.

The Elite Penning class is also unique in that it pays the top 20 place winners at the World Championship Finals, and is set as a #10 class with a full one-second handicap, another new feature for a USTPA Team Penning class.

Riders can compete to qualify for the Finals at local, Regional Finals and World Championship Series shows throughout the 2018 USTPA competition season. The Elite Penning class will be offered at all local USTPA-sanctioned shows around the country (beg. Feb 01, 2018), and will be a featured class at all 2018 USTPA World Championship Series shows.

How does the Elite Penning class work?

The Elite Penning class will be run at every local, Regional Finals and World Championship Series show throughout the 2018 USTPA competition season.

Riders compete in the class at the various USTPA events throughout the 2018 competition season to qualify to ride in the class at the 2018 USTPA World Championship Finals.

The class is run as a #10 Handicap Team Penning class, with a full one (1) second handicap for every one (1) team rating point below the class number (*e.g., combined team rider rating of 8 = 2 second handicap*).

At every local, Regional Finals and World Championship Series show, and the World Championship Finals, the class features a 60% payback. The class may include Added Money in certain shows around the country, and will have a minimum of \$50,000 Cash Added to the class payout at the World Championship Finals.

Who can enter the class at local, Regional Finals and World Championship Series shows?

All USTPA members in good standing with a Penning Rating of N through 7 may enter this class at any local, Regional Finals or World Championship Series show throughout the 2018 competition season.

Frequently Asked Questions**

What if I want to ride only the Elite Penning class at a show? Can I just enter and ride only the Elite Penning class? No, to ride in the Elite Penning class at any show the rider must enter other penning classes at that show, as follows: At all Local USTPA sanctioned shows, the rider must ride in at least one other team penning class at that show to also ride in the Elite Penning class at that show. At all Regional Finals and World Championship Series shows (including the Finals), the rider must ride in at least two other team penning classes at that show to also ride in the Elite Penning class at that show.

Do my Team Penning rides in the Elite Penning class at local, Regional Finals and World Championship Series shows count toward the qualifying requirements to ride in the World Championship Finals?

Yes. The Elite Penning class may be used to meet the overall USTPA World Championship Finals qualifying requirement of 8-penning rides per show at four or more shows (see Finals qualifying requirements at www.USTPA.com).

Do I have to meet the overall World Championship qualifying requirements to ride in the Elite Penning class at the World Championship Finals?

Yes. Riders must meet the overall World Championship Finals qualifying requirements (8 penning rides at each of 4 or more shows) to enter any qualified teams in the Elite Penning class at the World Championship Finals. Also, you must ride in at least two other team penning classes at the Finals to also ride in the Elite Penning class at the Finals.

Is there any limit on how many teams I can qualify throughout the year to enter the Elite Penning class at the World Championship Finals?

Yes, and No. Any rider may qualify as many teams as they are able to when competing at the local, Regional Finals and World Championship Series shows. However, no rider may enter more than 20 of their qualified teams in the Elite Penning class at Finals. So, for example, a rider might qualify 25 teams during the 2018 competition season, but would only be able to enter 20 of those 25 teams. Also, no team, with the same three riders on that team, may qualify to ride (that exact team) more than 3 times in the Elite Penning class at the 2018 USTPA World Championship Finals.

When I enter my qualified pick teams at the World Championship Finals, are there also draw teams?

Yes. In addition to the pick teams that you qualify and enter at the Finals, you will receive a minimum of 2 draw teams, and will have the option to have as many as 4 draw teams. The draw teams are in addition to your qualified and entered pick teams.

Frequently Asked Questions**

Can I drop one or more of the teams that have been qualified for the Elite Penning class at Finals, and if so, what happens to my partners on the dropped team(s)?

Any rider on any Finals-Qualified team may drop the team if they do so by either the Initial or Final Pre-Entry Deadline date (see description for those dates further down in these FAQs) if they determine for any reason they do not want to ride that team at Finals.

If a rider drops a team from their Finals-Qualified teams, they may not draw a team to replace it. However, the other two partners that did not drop the team (but were dropped) will both separately be offered a draw (optional) to replace the dropped team. All draw teams resulting from dropped teams in this case are in addition to the 2 mandatory (up to 2 more optional) draws.

What happens if a Finals-Qualified team is dropped because one or more of the teammates fail to meet the overall World Championship Finals qualifying requirements?

Any Finals-Qualified riders that have one or more of their teams dropped as a result of one or more teammates not meeting the overall World Championship Finals qualifying requirements, may draw one team for every team that was dropped. All draw teams resulting from dropped teams in this case are in addition to the 2 mandatory (up to 2 more optional) draws.

Additionally, any rider that qualifies (at any show or shows) to ride in the Elite Team Penning class at Finals, but does not also eventually qualify to compete in the World Championship Finals (other than the Elite Penning class) will forfeit all their previously qualified teams/rides in the Elite Penning.

In the Elite Penning class at the World Championship Finals, how many teams advance to the next round, up to and including the final round?

- 1) First Round: All Qualified and Properly Entered Teams
- 2) Second Round: 40% of First Round Advances to the 2nd Round
- 3) Third Round: 40% of Second Round Advances to the 3rd Round
- 4) Final Round: Top 20 (pays all 20 places). Top 20 runs as a Finals Class.
- 5) Ride Position in the Finals (Top 20) determined by team selection, with leading team selecting their Finals ride position first, the 2nd place team coming into the Finals selecting their position next and so on through the top 20 teams.
